

CONTENTS

<i>In Memoriam</i> Dedicated to the memory of Prof. DSc Dimitar Mehandzhiev (1933-2026).....	i
A. Mathiarasu, S. Suresh Kumar, R. Senthil, R. Pandian, Chemical characterization and performance analysis of post-modified microwave pyrolyzed karanja seed bio-oil.....	5
T. Yari Dramane, V. Slavova, A. Yasar, T. L. Dimitrova, Discrimination of radish seed cultivars using fluorescence spectroscopy and advanced machine learning algorithms....	16
P. Boyanova, A. Chavdarova, V. Dobрева, D. Gradinarska, B. Goranov, A. Balabanov, V. Slavova, Impact of polyols on microbiological viability and sweetness perception in frozen yogurt.....	23
H. Idakiev, D. Aleksandrova, G. Boye, P. Först, N. Vorhauer-Huget, Impact of drying techniques on protein denaturation in <i>Tenebrio molitor</i> : A thermal analysis via differential scanning calorimetry.....	30
N. Hayrat, B. Kilinc, B. Yilmaz, A. Kul, Sh. Tarbiat, V. Enisoglu Atalay, T. Catal, Investigation of antioxidant activities of <i>Ganoderma</i> mushroom.....	37
H. D. Nguyen, Unveil mechanism of action of parthenolide-9-one as an inhibitor for human erythroleukemia via molecular modeling, ADMET and MMGBSA analysis.....	44
M. Georgieva, S. Kozhukharov, Ch. Girginov, A. Dishliev, P. Petkov, Potential buffers based on borax, orthophosphoric and metaphosphoric acid.....	52
M. Georgieva, S. Kozhukharov, Ch. Girginov, A. Dishliev, P. Petkov, Comparison between ortho- and meta-phosphoric acid containing phosphate potential buffering systems.....	59
R. H. Nenova, D. A. Nedeva, A. M. Dobрева, T. I. Shimazaki, K. N. Kalinov, A comparative study of the chemical composition of oil-bearing <i>Rosa damascena</i> Mill. cultivated in Bulgaria and in Japan.....	66
S. A. Gaikwad, E. Khatiwora, V. Adsul, R. Torane, V. R. Uttam Pandit, M. Parthibavarmar, Comparative account of biosynthesized zinc oxide nanomaterials from <i>Cassia tora</i> for biomedicament.....	74
M. Gnaneswara Reddy, S. Kiranmaiye, M. Eswara Rao, Stefan blowing and chemical reaction influences on non-Darcian flow of Casson nanofluid over a stretched surface.....	85
R. Kumutha, S. Ilaiyavel, B. Sudhakar, K. Udhayakumar, M. Balakumar, C. Anbumeenakshi, A. Idrish Khan, K. Suresh, Enhanced wear resistance of AISI steel via sequential nitriding, laser texturing, and TiN coating.....	93
 <i>Selected papers presented at the Conference “Alternative Energy Sources, Materials and Technologies” (AESMT’25)</i>	
T. Tusseyev, K. D. Baizhumanov, M. A. Zhumanov, B. Amir, A. B. Sharipkhanov, Photoadsorption processes on the surface of silicon dioxide.....	103
A. A. Genbach, D. Yu. Bondartsev, A. G. Georgiev, Investigation of capillary-porous coatings made of mineral media.....	109
Acknowledgement to Reviewers for vol. 57.....	120
INSTRUCTIONS TO AUTHORS.....	121
