

CONTENTS

<i>S. M. Al-Mahmoud</i> , Electrode shape modification for efficient dye removal using electrocoagulation.....	129
<i>H. N. E. Rabiaa, H. Benhebal, O. Sebbah, S. Kadi, S. Lellou, A. Farcy, J. G. Mahy, S. D. Lambert</i> , Zn-doped SrBi ₂ O ₄ nanopowders prepared by sol-gel method and their photocatalytic properties	136
<i>H. D. Nguyen</i> , Unveiling mechanisms of action of isoquinoline alkaloids from <i>Hylomecon japonica</i> as promising inhibitors of breast cancer through computational modelling.....	143
<i>S. M. Awari, V. V. Vikhe, V. K. Vikhe, A. G. Gadhave, B. K. Uphade</i> , NiFe ₂ O ₄ @Cellulose-PEG nanocomposite: A novel reusable catalyst for straightforward one-pot synthesis of benzopyran derivatives.....	154
<i>H. D. Nguyen</i> , Computational modelling of limonoids from <i>Melia azedarach</i> as potential inhibitors of leukemia.....	162
<i>A. Samraj Selvaraj, A. Sanmugam, A. Muniyappan</i> , Optimization and performance evaluation of hydroxyapatite–magnesium oxide coatings on UHMWPE for improved tribological and antibacterial behavior in orthopaedic applications.....	173
<i>Selected papers presented at the 12th National Conference of Chemistry, September 2025, Sofia, Bulgaria</i>	
<i>S. Petrin, S. Kuzeva, I. Gavrilov, G. Radeva, P. Mileva-Petrova, I. Valchev</i> . Kinetic study of softwood cooking for bleached pulp production.....	185
<i>I. Gavrilov, S. Petrin, P. Mileva-Petrova, G. Radeva, I. Valchev</i> , Temperature-time and concentration dependences of mild dilute acid hydrolysis.....	189
<i>J. N. Petkova, I. Mijakov, E. P. Simeonova, G. K. Madjarova</i> , Quantum chemical insights into porous s-triazine and tri-s-triazine carbon nitrides.....	193
<i>R. Stancheva, I. Iliev, A. Merdzhanova, S. Georgieva</i> . Computational evaluation of COX-1 binding by EPA, DHA, and AA using blind and flexible docking approaches.....	200
<i>N. A. Toshev, I. R. Iliev, N. V. Agova, A. Abdollahi, S. F. Georgieva</i> , Computational evaluation of bexarotene alkyl esters through DFT and molecular docking.....	209
<i>D. I. Zheleva, D. S. Angelova</i> , Deposition of zinc nanoparticles on woolen substrates in footwear.....	218
<i>G. V. Simeonova, T. P. Trifonova</i> , Chelation reaction vs. isotope exchange for production of effective receptor-targeted radiopharmaceuticals.....	226
<i>INSTRUCTIONS TO AUTHORS</i>	233
